PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience in building responsive and user-friendly web applications using HTML, CSS, JavaScript, React.js, and Django. Completed Bachelor of Computer Applications (BCA) in the 2026 batch and gained practical experience through internships and real-world projects. Developed portfolio websites, e-commerce platforms, and business websites with deployment experience using Netlify and Render. Skilled in responsive web design, frontend development, UI creation, and backend integration. Passionate about learning modern technologies, improving coding skills, and building high-quality web applications.

SKILLS

Programming Languages

Java, Python, JavaScript, PHP

Databases

MySQL

Web Development

HTML5, CSS3, Bootstrap, React.js, Responsive Web Design

Tools & Platforms

Git, GitHub, Netlify, Render

Backend Development

Django,

Core CS Fundamentals

Data Structures, Algorithms, OOPS, DBMS.

EDUCATION

Bachelor of Computer Applications (B.C.A),

Islamiah College (Autonomous), Vaniyambadi, TN

2023 – 2026

Vaniyambadi, TN

Higher Secondary (Class XII),

Islamiah Higher Secondary School, Pernambut

2023

Pernambut

- Tamil Nadu State Board

PROJECTS

Pernambut Hub 📍, Civic Issue Reporting System

- Developed a full-stack web application for reporting and tracking civic issues using Django, implementing user authentication and CRUD operations. Designed a fully responsive UI with cross-browser compatibility; deployed on Render with consistent uptime — delivered within 3 weeks.

TECH ZONE 📍, E-Commerce Web Application for Electronics Products

- Developed a responsive e-commerce website using html, CSS, and JavaScript for selling smartphones, smartwatches, earbuds, and laptops. implemented product categorization, responsive UI, and pagination for enhanced user experience. scaled to handle 500+ users.

AL HUDA ISLAMIC SCHOOL , Educational Website

- Created a multi-page educational website showcasing school information, curriculum, and gallery. designed with html, CSS, and JavaScript ensuring a clean, modern layout and responsive interface for both mobile and desktop users.

AL BR CAFE , Modern Café Website

- Custom-developed a responsive single-page website for a restaurant client using HTML5, CSS3, JavaScript, and Bootstrap. Designed and implemented key features and a seamless Reservation system, resulting in an intuitive, mobile-first UI/UX that successfully streamlined lead generation and enhanced the client’s professional brand image.

EXPERIENCE

Front-end Developer intern, AspiraSys 07/2025

- Applied foundational HTML5, CSS3, and JavaScript principles across a 90-hour hands-on training curriculum to develop functional web components.
- Completed a dedicated project challenge as part of the internship, successfully implementing client-side logic and modern UI/UX design concepts.
- Demonstrated commitment to learning through the successful completion of a 30-day program, covering comprehensive training in the basic fundamentals of web development.

ACHIEVEMENTS

Third Prize in the ADZ - AP event, SAIT '25 IT Symposium 12/2025

- Hosted by the Department of Computer Applications (UG) at Sacred Heart College (Autonomous)

First Place in the 'Pirates Pursuits' event, TECH-FRENZY 2K25 National Level Technical Symposium 12/2025

- Organized by the TECH-ASPIRE Association at Thiruvalluvar University

TRAINING & CERTIFICATIONS

INDUSTRIAL TRAINING: AspiraSys, Chennai, 09/2025 – 10/2025
Web Development, AI Tools & Deployment Platforms Chennai

- Completed a 6-week program on Web Development, AI Tools & Deployment Platforms. Gained practical expertise in full-stack web application development and leveraging AI concepts for enhancements and scalable deployments.

WORKSHOP: 'Flask', Sacred Heart College (Autonomous) 09/2024 – 09/2024

- Participated in a Local Workshop on 'Flask', demonstrating foundational skills in Python-based web development using the Flask micro framework.
